Besides this, it has also rapport and liaison with various government departments at all levels who have been always helping the organization in implementing programmes. It also continues to maintain good liaison with all the funding organizations, various marketing outlets that have supported the organizations not only in the past but also under the ongoing programmes. Further at the grass root level also close coordination is maintained with PRIs, CBOs, social activists, community leaders etc.

Annual General body meeting

Annual General Body Meeting for the FY 2024-25 of the organization was carried out in its Head Quarters at **RAJDEV SINGH JAGDISH SINGH SAMAJ SEWA & EDUCATIONAL TRUST NYAS** …the Chairman chaired the meeting which was attended by most of the general body and committee members. The Chairman in his welcome address briefly highlighted about the organization's humanitarian activities, achievements and its role in the society. He also exhorted the members to actively involved in

various activities so that the achievements are made possible with more vigor and enthusiasm.

Subsequent to the above, copies of the audited statement accounts and annual were distributed among the members, following which the Secretary has highlighted various activities undertaken during the previous year and the programme that are likely to be taken up during the current financial year. Members expressed general satisfaction about the activities of the society and some of the members raised queries in regard to implementation of certain programmes. The queries have been explained to the satisfaction of the concerned members.

In his concluding remark the Trustee made special appeal that while the society is craving for better humanitarian activities, the reach of the organization has not been commensurate particularly due to insufficiency of financial resource in spite of the financial assistance received by the organization. In order to cater to the growing number of would be beneficiaries, he asked the members to work hard for generating more resources in times to come. He also made appreciation of the commendable done by the project staff and the society management, and expressed special thanks to the donors and granting agencies for their timely support and aid without which the achievements would not have been so much possible.

Finally he wrap up the meeting with thanks to the members for spending their valuable time and offering their suggestions. The members expressed their thanks to the chair and dispersed.

Programmes/Activities of the organization for FY 2024-25

The growing rate of rise in population is a matter of concern not only for the government but also for public spirited organizations like **RAJDEV SINGH JAGDISH SINGH SAMAJ SEWA & EDUCATIONAL TRUST NYAS** general study conducted by the organization has revealed that the population growth is on the higher side among the poor and deprived families. Illiteracy, poverty, lack of awareness on spacing of children and options of sterilization are the major reasons for frequent pregnancies and high rate of births. Most of the pregnant women have been found undergoing nutritional deficiencies, anemia and lack of medical care. The organization initiated programmes for creating awareness in localities of such people and convinced a large number of pregnant women about the remedial measures they have to take. During community meetings counseling services were also provided to the needy women for seeking medical help at nearby government hospitals with the help of health care officials. During such meetings the health care officials and volunteers explained about introduction of various health care schemes of the government like Janani Suraksha Yojana, Health insurance schemes, free availability of birth control devises and permanent methods etc. All these efforts received encouraging response and there have been requests for repetition of the same periodically in more areas.

Handcraft development programme

RAJDEV SINGH JAGDISH SINGH SAMAJ SEWA & EDUCATIONAL TRUST NYAS has been engaged in providing Handicraft training on different trades including Zari work, Artificial Jewelry making, Teracotta, Other Embroideries for the artisan members of Self Help Group for last many years in the districts Kanpur and Barabanki. Further, identification and provision of additional inputs on various techniques pertaining to new designing, multiple embroidery etc., to the artisans group has also been carried out by the organization. The traditional items made by the artisans do not enjoy market now a days due to the domination of new designs and verity of items.

The artisans engaged in such handicraft works are suffering for want of work or up-gradation of their skills. The organization has studied and has come to the conclusion that if these traditional artisans are trained with latest technology and design their products will have good markets and buyers.

In this context the organization during the financial year also has imparted training on skill up-gradation training with latest technology and design to more than 120 artisans in the above districts. It has identified and provided additional inputs on various techniques pertaining to new designing, multiple embroidery, diversification products etc with the objectives to provide employment opportunities to poor and deprived women and girls and develop

components comprising design development, technology development, techniques & process and formulation & publication of crafts design/ craft technology manual for training and dissemination of new design concepts and new technology to the large number of artisans for their skill up-gradation, which shall cater market (Export) demand and trends for commercial as well as for exclusive class production purposes and make these artisans self reliant.

Health care campsHealth care & family welfare programme

Health care and family welfare is our focus areas since its inception. In this sector maternal and child health care is one of the major target for the last many years. In this context we have carried several programmes in rural and slum areas of urban centers. During the year under review also the organization carried out many

such health care activities which included organizing of health camps, counseling services, immunization drive, referral services and advocacy support for poor and needy people. During such activities emphasis was laid on women and adolescent health regarding maternal health, personal hygiene, spacing of children, RTIs and STIs etc. The organization sought the support of local health care administration and ICDS for the same. In most such initiatives it has been found that generally women of poor and deprived families are suffering from nutritional deficiencies and anemia. In order to address this problem, the organization sought medical advice and distributed nutritional supplements to needy women. All the initiatives of the organization received encouraging response not only from the beneficiaries but also from local government officials and community leaders.

Women's safety and empowerment initiative

RAJDEV SINGH JAGDISH SINGH SAMAJ SEWA & EDUCATIONAL TRUST NYAS has been engaged in women empowerment activities since its inception form 2017. In continuation of the previous years' this year too it has taken up various activities such as community meetings, gender sensitization, awareness campaign, vocational and capacity building training programme with the objective to empower these women. These programmes are given much importance to the enhancement of the quality of life of them through support for income generation activities and promotion of behavioral and attitudinal changes that allow them to equal partners in the family and the community. During these programmes they were also told about role of women in society, women and their rights – reproductive rights, right of property, right of income; role of women in local self governance and reservation for women in different programs.

Our volunteers and field staff visited the project locations and did door to door contacts and provided necessary counseling to such women in order to access of various services available at these areas such as health care, literacy, nutrition and involve in different income generation programmes introduced by government and other agencies. Further they were informed about various kinds of other welfare schemes formed and executed by different government department for uplift of these poor women.

Education promotion programme

Literacy and education promotion has been one of the prime focus of the organization as the development of people depends on the same. The organization over the years has been taking painstaking efforts in this direction and it is a matter of satisfaction that the organization has been able to establish and run the following projects/programmes in districts Barabanki.

Skill development and Vocational training programme

One of the major initiative of the organization for the last many years is to impart employment oriented skill development training to women and youths. Under this head it has canvassed most deserving women and youths and explained them about various methods by which their idle time could be made use of and generate some income. They were also informed about different vocational trades in cottage industries which will have market in both the rural and urban areas. A number of SHGs are formed so that a common pool of funds by making small contributions, which in course of time could be used for their own benefits as loans to finance their activity. They were informed that once their activity becomes routine and earnings regular, they could form a n association and approach banks for loans etc. Accordingly the organization initiated three major steps of activities including skill development training, capacity building and entrepreneurship development activities and also oriented to establish better relationship with banks and enjoy the benefits of collective bargaining power.

Other social welfare and rural development programme

Surveys and studies

As in the previous year the organization has conducted various studies and surveys in the project locations as part of programme planning and designing for the last many years. The study and surveys highlighted need assessment of beneficiaries, assessment of situations of health, infrastructural facilities and for identification of suitable beneficiaries to its various programme for the benefit of poor and hapless people. Necessary formats for feedback and data/information collection has developed with the support of subject experts engaged by the agency. In order to conduct the programme it has deputed staff and other consultant organizations to the field for generating such information. All the data and information so collected have been analyzed and compiled at the office for proper planning and preparation of necessary project proposals and for making various project reports to be submitted to the concerned.

RAJDEV SINGH JAGDISH SINGHSAMAJ SEWA & EDUCATIONAL TRUST NYAS

ANNUAL PROGRESS REPORT

YEAR 2023-24

Adult Education Programme: -

Considering very high level of adult illiteracy the society has started with the help of the volunteers organizing adult education programme on regular basis at Lucknow, Barabanki, Mau, Gorakhpur, Jaunpur, Pratapgarh. The programme was attended regularly by the adult illiterate villagers.

The entire educational system requires be reconstructing and revamping and making more practical. This can be done only if a large number of voluntary organizations could identify their roles in the changed scenario. In the current situation it's not practically possible for the Govt. alone to take care of all the educational needs of the state. The society for last few years has been making praiseworthy contribution to the educational needs of the state.

Skill Development Training Programme For Women:-

Society has training center where women/adolescent are provided skill development training in various fields. The main aim of this programme is to make the trainees so skilled that they may become self dependent and stand on their own feet. The training programs were well attended by the women/adolescent of nearby areas under different trade

Computer Training Programme :-

Realizing the hard reality that in future two types of literate people will be there one computer literate and other who is a not a computer literate the society

Started a computer-training center. During the previous financial year 75 students were imparted training in computer operations.

Women & Child Welfare Health Camp:-

The society has organized a programme on promotion, awareness and child development. Also, the society organized the women empowerment program. These programs were attended by a number of women participants. The NGO's and the member of society told about the fundamental rights of the women and also ask to educate all the women in rural and urban areas to stand face a problem which always happens in their life's time to time.

Health Awareness Camp:-

This camp was organized by society in Raibareli District Lucknow in UP .The basic aim of this camp was to get the public aware about the benefits of small family and what are the ways by following which a person can keep their family small Now a days . It is well known to everyone that for self development and country development check on rapid growth of population is very essential. In this camp several couples have participated and benefited through it. The volunteers of this organization is distribute of IEC material & Family Planning Material etc.

Environmental Awareness Programme :-

Increased used of plastics & polythene bags have brought untimely and painful deaths to thousands of the animals across the country. Polythene: Its Impact on the living beings was the main topic for discussion on the occasion of the world environmental day this year.

The participants of the programme were informed about the ill effects of the use of politeness which have become part and parcel of the everyday life, Further. The Participants agreed to prevent the use of politeness and to further raise awareness about the issue.

On the same occasion a painting contest was organized to play the effect of polythene on the animals. At end of the programme prizes were distributed

among the good performers and all the participants took oath to plant at least 10 trees per year.

Cultural Awareness Camp:-

During the financial year 2023-24 the organization has organized two cultural programmed at different places in City Gorakhpur, Lucknow and Pratapgarh UP. The aim of these Cultural Seminar & Research Programme is to provide high class of entertainment to public, these programmes includes dances, music programmes, kavi sammelan & mussaira etc. All these programmes were organized successfully and liked by public very much. First efforts were made to save the cultural heritage of Lucknow Mandal and promote expose the talent of the local peoples & youth of Lucknow Region.

Rural Development Programme :-

As we are aware that 85% of the population resides in villages. Hence, no program can develop the country unless the rural India develops. Feeling this need the society organized various rural development programs which were well attended by the society. The rural development programmed organized at district Raibareli and Mau. UP.

Anti-Drug Awareness Programme :-

Now days the society is suffering from the devils like disease of drug consumption the society has organized programme on Anti drug. The society is determined to make the people of society free from the drug. The people have

been make aware from the harmless of the drug. They have teaches that the habit of the drug is about incurable and it destroys the families and family relations. The addiction of the drug can be a cause of toss of like and also loss of all money.

S.C/S.T/OBC'S Welfare Programme:-

It is very after seen that SC/ST, OBC, poor students fail to score good marks in the exam because of the lack of the coaching facilities. As a result despite of all the constitutional preferences given to them they are not able to hat through the exams resulting into large-scale unemployment of them. The society as an honest attempt to provide educational facilities to them and the students belonging to the below poverty line has started a coaching centre to provide pre-entrance coaching to aspirants of Egg. Medicinal Computer, MBA, CA, IAS.PCs exams.

During the previous year the expert teachers engaged by the society provided over 100 students this training. The fees charged are every nominal and is even waved off in many cases.

RAJDEV SINGH JAGDISH SINGHSAMAJ SEWA & EDUCATIONAL TRUST NYAS

Address: Gram Chakshah Maruf (Jalpurwa), Post Bahadurpur, Tehsil Madhuban, District- Mau U.P. 221602

From the Chairman's desk

It is a matter of great pleasure that our country has been making good efforts in variousfields of activities in recent times. With the liberalization and globalization introduced a couple of decades ago, the country has been witnessing remarkable advancement on the socioeconomic front. However, the fruits of advancement have not been uniform and equitable as there are large sections of people in the country whose living conditions have not showed much improvement. Although the governments, both at the centre and states, have been putting in painstaking efforts there are still large pockets of debridement in urban and rural areas of the country.

The experience of TRUST has revealed that government alone would not be able to improve the living conditions of such hapless citizens throughout the country. The role of such agencies acquires importance and relevance in this respect. It is no denying the fact that the advancement this far has been possible with the joint efforts of governments and voluntary organizations.

We at ***RAJDEV SINGH JAGDISH SINGH SAMAJ SEWA & EDUCATIONAL TRUST NYAS*** *has been alive to the above circumstance in the country and has been striving for ameliorating the living conditions of the deprived and disadvantaged sections of people both in rural and urban areas. It is to our credit that we have been able to conceive andimplement many such developmental programmes for the holistic development of the poor and deprived sections of people and improve their living conditions. During the year under review the organization has initiated many such programmes and we are happy to present before you this Annual Report. The unfolding pages of this report would throw light on the humanitarian efforts put in by this organization.*

The commendable achievements would not have been possible without the liberal support and cooperation of our donor agencies and departments to whom the organization wishes to express its words of thanks and gratitude. It also appeals for continuance of such support and coordination in future also. Our words of thanks are also goes to the volunteers, field workers, project functionaries, resource persons, well-wishers and members of the organization for their relentless commitment and dedication to the programmes and initiatives implemented by the organization from time to time.

Further at the grass root level also close coordination is maintained with PRIs, CBOs, social activists, community leaders etc.

Activities of the organization for the FY 2022-23

Handicraft and Handloom development programme

Various studies conducted by the organization have revealed that artisan community in handicraft and handloom sectors are living in poverty. Being traditional oriented work involving man power they continue to deploy the traditional workmanship due to which in adequate innovation and in adequacy of quality and output are hampering their livelihood and existence. Modernization of their craft has not happened. Therefore their outputs are also doing not fetching the required market. Added to this is the problem created by middlemen and money lenders who are fleecing the craftsmen.

In view of the pitiable condition of the craftsmen and their families, the organization during the last three years has been engaged in handicraft/handloom development programs for the welfare such artisans. Qualified and experienced designers and trainers were engaged by the organization and modern tools and equipments were got installed. The craftsmen were enrolled for the training and modern production techniques, marketing exposure to them and they were also given independent assignments in each. The trainers took personal interest in the activities and helped the artisans to overcome many difficulties. Towards the end of the training at each center, counseling efforts were made in which the scope of cooperative and group activities and the manifold advantages that can be derived through group working were explained to them. Further they were also motivated to undertake production of items considering the changing trend of customer preferences so as to increase their turnover for improving income. These efforts were appreciated by the beneficiaries. The organization offered to further help the artisans in many ways if and when needed.

Vocational training programme:

The organization has identified a large number of most needy women and youths from the SHGs formed in the remote areas under district Lucknow to impart vocational training. It has established training centers nearby locations and has provided employment oriented vocational training to more than 300 women on different trades such as garments making, food processing etc. Special attention was given to the widows and other women of socially ignored sections of the Trust. The organization engaged qualified and experienced vocational instructors with the aim to makethem skilled and become self-reliant. They were also informed that once their activity becomes routine and earnings regular, they could form an association and approach banks for loans etc. By this effort, the organization made an impact on the women to start self- employment ventures which would generate income for them.

Skill development training programme:

The organizations has canvassed most deserving women and youths and explained them about various methods by which their idle time could be made use of and generate some income. They were also informed about different trades in cottage industries which will have market in both the rural and urban areas. A number of SHGs are formed so that a common pool offends by making small contributions, which in course of time could be used for their own benefits as loans to finance their activity. They were informed that once their activity becomes routine and earnings regular, they could form an association and approach banks for loans etc. Accordingly the organization initiated three major steps of activities including skill development training, capacity building and entrepreneurship development activities and also oriented to establish better relationship with banks and enjoy the benefits of collective bargaining power.

Consumer Awareness Camp:-

A consumer awareness camp was organized to make them aware of the rights available under the consumer protection Act, 1986. The Programme was highly appreciated by the attendants of the programme.It is generally found that the consumers, despite of paying competitive prices are offered low quality products by the companies. Through the products are packed in very attractive packages but. Their quality happens to be very low, this way Consumers get cheated every day by the producers and sellers. The situation is not too different in the cases of services also. The attendants of the programme were explained various remedies available to them under the Consumer Protection Act, 1986 and the rules and procedure for filling the suit way and manner of filing the appeals.

Health care camps & family welfare programme

Health care and family welfare is our focus areas of the organization since its inception. Maternal and child health care is one of the major targets for the last many years. In this context we have carried out health care campaign in rural and slum areas of urban centers. During the year under review also the organization carried out many such health care activities which included organizing of health camps, counseling services, immunization drive, referral services and advocacy support for poor and needy people. In these activities emphasis was laid on women and adolescent health regarding maternal health, personal hygiene, spacing of children, RTIs and STIs etc. In most such Initiatives it has been found that generally women of poor and deprived families are suffering from nutritional deficiencies and anemia. In order to address this problem, the organization sought medical advice and distributed nutritional supplements to needy women. The organization sought the support of local health care administration and ICDS has also organized children immunization camps in the programme locations. All the Initiatives of the organization received encouraging response not only from the beneficiaries but also from local government officials and community leaders.

Training on Zari and Chikankari (Skill training programme)

RAJDEV SINGH JAGDISH SINGHSAMAJ SEWA & EDUCATIONAL TRUST NYAS has been engaged in conducting special training on **Zari and Chiikan craft** to the traditionally oriented artisans engaged handicraft embroideries in district Lucknow. Among these artisans from the SHGs made by the organization in the previous years, we identified the most deserving people and has provide skill training, design workshops engaged qualified and experienced master trainers and designers.

They have given training with latest methods of production and skills where put to practice under their supervisions. The instructors also explained on various aspects of production, packaging, marketing and after sale service so that a customer oriented approach is developed by the trainees for sustainable activities on their respective trades. It is happy to write that most of the trainees have started their own self-employment ventures and are earning better livelihood. There have been many demands from people to repeat such skill training at other places of the localities. The organization therefore has the plan to conduct training in coming years also at various other places of the district Lucknow and nearby locations.

Handicraft/Handloom Development programme

Has been associated for promotion of Handicraft and Handloom sector since last many years. The artisans engaged in such works are suffering for want of work or up-gradation of their skills. The organization has studied and has come to the conclusion that if these traditional artisans are trained with latest technology and design their products will have good markets and buyers. It is therefore the organization has organized artisan community and formed their Self Help Groups and provided necessary training and marketing exposure for their promotion in handloom and handicraft works under districts Barabanki and Mau during the FY 2022-23 also keeping in view of the current situation of COVID – 19.

Old age welfare initiatives

Old age welfare is another important initiative of the organization. Accordingly it has conducted several programme in the district Mau to take care of aged persons who have been discarded from their families or are wandering many such help. The organization, under the programme, this year too provided various facilities and services to the enrolled women with the support of well wishers for many older persons from districts. The facilities provided include provision of periodical medical checkups of the inmates and provided facilities for filling of old age pension forms and other benefit from government schemes and programmes. Adequate volunteers are engaged for taking care of these activities. It has been appreciated by respected people of the areas demands are pouring in for starting sustainable old age welfare programmes in the district.

Women and Youth welfare

As part its major emphasis for empowering women in various levels, the organization has also taken the issue of building women's leadership at the grassroots level as part of civil Trust and strengthens their leadership qualities amongst elected women representativesin local governance. The organization has also taken awareness programme to encourage women to take the benefit of the collective bargaining and management and up various activities such as awareness campaign, vocational training etc., to empower these women. The objectives of this programme are to the enhancement of the quality of life of poor women & youth through support for income generation activities and promotion of behavioral and attitudinal changes that allow them to equal partners in the family and the community.

Rural/ Agriculture development initiatives

Rural development program: Rural development activities are also other important thrust areas of the organization. As in the previous year this year too, the organization enlisted the support of rural people in many areas for various developmental activities such as construction/reconstruction of rural roads, plantation of trees, solid waste management, water conservation and sanitation. The volunteers created awareness in respective localities due to which the participation of the masses was encouraging as the efforts were directed for their own benefit. It was emphasized that personal hygiene and rural sanitation were very important in maintaining good health and for the prevention and control of communicable and other diseases. The volunteers along-with the rural people went around various localities and helped the people to remove accumulated garbage and filth to faraway places. This also was very much appreciated.

Agriculture development initiatives:

We at **RAJDEV SINGH JAGDISH SINGHSAMAJ SEWA & EDUCATIONAL TRUST NYAS** have been involved in the development of Sustainable Agriculture since its inception. The farmers in the rural areas have hitherto been not prone to the development taking place in the agricultural sector nor there any efforts in making them aware of the same resulting in a situation where the productivity is low and the cost of production is high. Because of these there is a tendency among farmers to leave the agricultural field look for other sources of income. The organization would like to intervene and arrest their flow from Agricultural field and provide sustainable agriculture to the farmers which would generate remunerative income for them. The organization therefore introduced multiple crop system, concentrate on earmarking a ratio of land for producing commercial crops vis-a-vis other routine produce, and impart training for development of bio-compost, provision of quality seeds at affordable prices and help the farmers to find buyers devoid of exploitation.

It has conducted trainings for the benefit of Trainers who will subsequently visit the rural areas to guide the farmers for improvement in agricultural methods during the year under review. Experts from agricultural university were invited to give lectures and guidance to the

trainers. The trainers were provided with information about the sources of agricultural seeds, fertilizers in their area, etc. Needless to mention that the funding of the training session was done from own resources of the organization.

Road safety awareness programme

Road safety awareness among the citizens including road users and school/college students is one the important objective of the agency and has therefore conducted awareness activities, seminars/workshops and other publicity progremme using IEC (folk and print media) in the district Lucknow during the year under review also. We ensured community participation in all its efforts for creating awareness about traffic rules and safety measures, among the public students at various schools and colleges in the programme areas.

HIV/AIDS prevention and control awareness programme

HIV/AIDS and other genetic disease have been found spreading rapidly in slums of urban centers and rural areas also. A general study conducted by the organization has revealed that there has been lack of awareness in most of the cases and early diagnosis and treatment of the suspected cases have not been carried out. The victims turned to hospitals only when the stage became acute and survival is a question mark.

In this direction the organization has initiated awareness generation programme for prevention and control of HIV/AIDS among rural and urban areas with a focus to most vulnerable population including Truck drivers, MSMs and FSWs. IEC activities were the highlight. It has enlisted the support of the district health administration of these areas for implementation of the programme. Such activities are helped educating and alerting the vulnerable sections about the source of contracting the disease, its symptoms, its consequence and the steps to be taken for prevention of transmission. During the programmes there were wide ranging queries from audience at many of the venues and satisfactory explanations were given to remove doubts and mis-consumptions. Suspected patients have been given proper counseling and advised for testing and if necessary to avail of medical treatment. Wall writings, distribution of leaflets etc. have been carried out at different strategic places. These efforts produced tremendous impact on the people.

Welfare of differently abled persons

Welfare of the differently abled persons is a focus of attention for the organization as they are generally ignored by parents as well as the Trust. The aptitude and capacity of these persons if closely studied and tailor-made programmes are made to suit their capacity; they can prove to be worthy individuals to the Trust. In this context the agency has been working towards the welfare of such people. It has been taking positive step towards betterment of such persons (PwDs) and providing them skill and capacity building training, made efforts on promotion of their education, creating awareness on their legal rights, providing special health coverage etc., in district Ghazipur. It has also organized several workshops for these persons at village level to instill the confidence so that they may undertake such activities which may make them self-reliant. They were given necessary assistance to get benefits of

schemes and programmes and motivated in such a way that disablement could not be taken as a weakness to remain behind in claiming their rights and entitlements under the various schemes run by the government and welfare organization. Apart from this the organization has also arranged number of competition programmes for these persons to explore their talents in the field.

Cultural events for promotion of art and culture:

The organization is being conducting cultural events with aim to promote art and culture of our country. In this direction the organization has focused promotion and rehabilitation of various traditional cultures, arts and crafts through awareness building, education, national programme celebration, organizing cultural programmes and national heritage building. The organization took special care in fixing the venues of the cultural programmes including plays, music and dances, where the targeted audience could be easily mobilized and necessary work for mobilization was also done prior to staging of these cultural programmes.

Environment Awareness Campaign

Environment conservation is another important focus of attention of the organization since last many years. Considering extreme climate change, air and water pollution are a common feature everywhere. The organization believes that if remedial measures are not taken and the trend is not arrested, the situation may develop into serious stage when the health of human beings and animals would be severely affected. This required general awareness creation among the public. Therefore the organization during the year under reporting h a d conducted awareness campaigns in the district Ghazipur. The activities included awareness rallieshighlighting the importance of conserving and protecting forests, air and water bodies such as rivers, ponds etc. emphasis was also laid for plantation of trees and curbingindiscriminate use and disposal of plastics.

This was followed by a camp which was organized at Office headquarter. The camp was attended school children, general public, social activists etc. The resource person engaged by the organization addressed the audience and cautioned them about the harmful effects of air and water pollution and the need for conserving environment for the welfare of the present and future generations. The resource persons analyzed the various ways in which remedial and preventive steps could be taken by each member of the Trust and emphasis the role of every family to do whatever is possible for them. There was wide appreciation to the efforts of the organization in highlighting these issues.

Pandemic COVID – 19 prevention and control programme

The reporting year has also witnessed a rise in Covid-19 and has brought about drastic changes across the world, forcing the majority of people to adopt a new way of life both physically and mentally. The pandemic has made clear how vulnerabilities in health systems can have profound implications for the health of our people, economic progress, education, and social cohesion across our Country and around the globe and have also increased the risk of development of various mental health conditions, particularly among young people and people in lower-income groups. In view of this situation and the associated guideline of

State government and Central Government, the organization has initiated awareness progrmmes among poor and vulnerable people of many locations since March, 2020 and further it has been working for creating awareness for prevention and control that include using masks, maintaining social distancing, promotion of hygiene practices, getting vaccination etc. It has distributed masks and sanitizers for prevention of this Pandemic with limited resources to the people. It will continue this effort in coming months and will seek necessary support from various donor agencies and well-wishers to contribute in our initiative.

Safe drinking water, sanitation and hygiene awareness programme

The organization has also been devoting attention to the field of Safe drinking water, Sanitation and hygiene. In the rural areas, people generally pay least attention to conservation of water or the pollution caused to water or water bodies. Indiscriminate running of tube well is an abuse in the rural areas. People are prone to use contaminated water for drinking purpose regardless of the harm it might cause. The organization has been therefore conducting awareness programmes for the benefit of people to prevent water pollution and conservation of ground water. Emphasis is also laid for rain water harvesting and the method of recharging ground water with the help of experts in this field. As far as sanitation is concerned the less said the better. People have been made aware of the negative aspects of open toilet practice widely prevalent in the rural areas. The organization has deputed its volunteers to various places in the rural areas who have advised to the people to switch over to low cost latrines which could be constructed with not much expense. Emphasis was also laid for keeping the common nalas and surroundings neat and clean to avoid outbreak and spread of communicable diseases.

Youth and adolescent welfare programme

RAJDEV SINGH JAGDISH SINGHSAMAJ SEWA & EDUCATIONAL TRUST NYAS *has also* been working in the field of Youth welfare activities since its inception with the objectives to promote spirit of national integration, unity in diversity, pride in Indian- ness among the youth and to induce a sense of social harmony amongst the youth and to motivate the youths to act as focal point for dissemination of knowledge in the rural area and involve them in nation building process it has conducted several programmes which Includes Cultural Programmes, Group discussions, Debates, Lectures, Essay and elocution competitions on the theme of national integration and communal harmony.

The organization has also conducted Entrepreneurship development training for youths with the objective to build their capacity to undertake their own entrepreneurships through which make them self-reliant. The organization has also supported these beneficiaries to received loan from various banks and other financial institutions for starting income generation activities.

Minority welfare programme

An awareness activity for the welfare Minority community with the aim to their overall development and empowerment was conducted in the district Ghazipur during the year under review. The programme highlighted situational awareness and wide publicity about access of various services offered under Minority welfare schemes and programmes from various departments and agencies. The seminar and other associated activities could improve the awareness and knowledge and motivated them to further disseminate the information to other and availing such services offered under these initiatives.

A large number of persons are identified from the locations and registered in the seminar and resource persons engaged by the organization has highlighted on various topics to make them confident about the importance of these welfare schemes and programmes under PM's 15 point programme and the ways they can easily access the services offered under these schemes for the welfare such people on a sustainable basis.

Labour Children welfare programme

RAJDEV SINGH JAGDISH SINGHSAMAJ SEWA & EDUCATIONAL TRUST NYAS is conscious of the irreparable damage being caused to the future of the children. Child labour is a growing menace in the Trust and these needs to be curbed. In spite of thelaws available for abolishing the same, the implementation has not achieved the desired result. Valuable time of children which could have been spent in schools for education and

Growth is being wasted in child labour which generates some income for the concerned families at the cost of future of the children. It is therefore the organization has initiated programmes for curbing child labour during the year. The initiative includes provision of welfare inputs like education, vocational training, health care and nutrition support. It also trying for preventive measures to discourage further accretion of children into employment.

National Days and promotion of art and culture Cultural events/function•

As in the previous years, the organization has conducted several cultural programmes in different locations of its project areas. Special effort was made to design these programmes. A team of profession artists including Music, Plays and Dance was contracted for the purpose, several rounds of discussions were held with them for the purpose of articulating the various topics including promotion of Indian art/culture and heritage, social maladies directing the cultural programmes so that when these programmes were finally staged, the attention of the public was easily caught. The organization took special care in fixing the venues of the cultural programmes where the targeted audience could be easily mobilized and necessary work for mobilization was also done prior to staging of these cultural programmes. Wherever the programmes were conducted, the response from the public was very encouraging as the Indian art and culture, social maladies were central themes of these programmes and the message was easily sent home. Celebration of national festival/events• In the hectic life of these days, people scantly pay regard to the national days. National Festival days such as Republic Day, Independence Day etc. provide an occasion for celebrating the resurgence of the country and the commitment of the people to defend, protect and hold together national spirit. These are occasions for celebrating our unity and integrity considering India being a state of unity in

diversity. In this context the organization has also promoted patriotism and national integration by organizing flag hosting, playing of national anthem and song, arranging cultural programmes highlighting our freedom struggle, the role of martyrs etc. School children, youths and general public took part in celebrations. Programmes like quiz competitions, poster competitions etc. were conducted and the best entries have been adjudged and prize distribution was also conducted. The celebrations received encouraging response from the areas.

Food & Fruits Preservation Programme.

Aim-: Aware the people to Conservation of fruits and vegetables through a wide range Of Nutrition Education and home scale processing and preservation.

Activity-: In this programme HYF organize the camp for food and food preservation at the Place of Lucknow where our volunteers told people the techniques of food and fruit preservation.

Result-: About 250 people participating the programme and benefited.

Skill development training and livelihood promotion of Women, Youths and Artisans

One of the credential objectives of the organization has been to strengthen socioeconomic empowerment of disadvantaged and destitute women, youths and artisan community of remote areas. In this direction, the organization has provided skill development/vocational training on different trades to a large number of beneficiaries during the year under review also.
